Sit / Stand Desk

Selectric

Sit / Stand Desk

The Selectric Desk is an electric height adjustable desk for commercial office workstation installations, offering the user great flexibility in height adjustment from a seated worktop to a stand-up meeting station with the ease of a simple switch.

Constructed with a sturdy steel frame and powered by twin motor drives, maximum height is achieved via three section telescopic legs.

Fully certified to AFRDI Furntech, the Selectric is available as silver powder-coated frame and comes standard with DDK commercial range 25mm thick work tops. A wide selection of colours for work tops are available on request.

1300mm

650mm

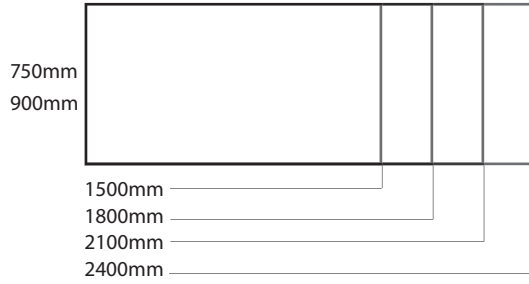

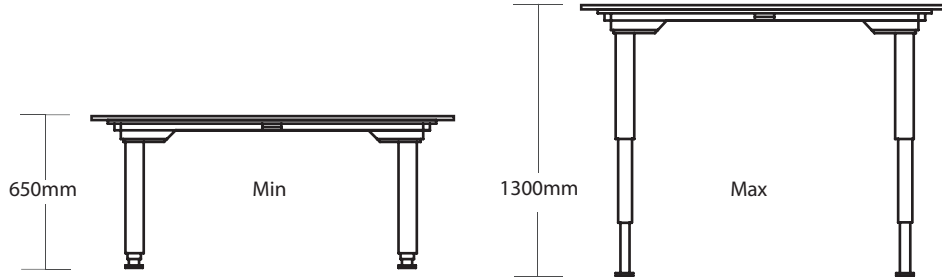

An ergonomically located two button switch allows the user to easily adjust the worktop height to their individual preference.
